

The Two Admirals

James Fenimore Cooper (1789-1851) was a prolific and popular American writer of the early 19th century. His historical romances of frontier and Indian life in the early American days created a unique form of American literature, best known for *The Deerslayer* and *The Last of the Mohicans*. *The Two Admirals* revolves around who should inherit an English estate and the loyalties of two naval men during the battles of succession between 1745 and 1775.
