

A Study in Scarlet - Classic Illustrated Edition

* Beautifully illustrated with delightful sketches that accompanied early editions, A Study in Scarlet is the spellbinding murder revenge mystery that first introduced Sherlock Holmes and Watson to the world. Holmes quickly established his reputation as a genius detective; readers were eager for more and the Sherlock Holmes phenomena began. Today Doyle's books are just as popular as they were over a century ago. * This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text and is enhanced with images carefully selected by our team of professional editors.
