

Jim retired at age 70 to care for his ailing wife. Bored with the monotony of watching daytime television, he sought a higher meaning. Enter Knox, an intelligent young man with grand aspirations. Through a chance encounter, they realize they each have something that could benefit the other. But the world Knox is involved in contains a seedy underground of dark, deranged individuals. After being taken under Knox's wing, can they survive the trials placed before them or will the Retirement of Coconut Jim be short lived?
