

At the Waters Edge

After a traumatic event that has left her in deep need of healing, Ella Goodman returns to her hometown in Oregon. While staying at her family's cabin at the West Waters lake resort, she finds an unexpected friend in level-headed owner Kay Brody. But Ella's sole objective is to restore the broken ties with her family, and she has no time for distractions like falling in love. The healing process is confrontational and difficult though, and she is soon forced to realize that people like Kay only come along once in a lifetime.
