

White Fang (Illustrated)

In the desolate, frozen wilds of northwest Canada, White Fang, a part-dog, part-wolf cub soon finds himself the sole survivor of a litter of five. In his lonely world, he soon learned to follow the harsh law of the Northkill or be killed. But nothing in his young life prepared him for the cruelty of the bully Beauty Smith, who buys White Fang from his Indian master and turns him into a vicious killera pit dog forced to fight for money. Will White Fang ever know the kindness of a gentle master or will he die a fierce deadly killer? A classic adventure novel detailing the savagery of life in the northern wilds. Its central character is a ferocious and magnificent creature, through whose experiences we feel the harsh rhythms and patterns of wilderness life among animals and men.
