

Freaky Days (A Mystic Caravan Mystery) (Volume 1)

The show must go on even when monsters are afoot. Poet Parker is Romani by birth and a fortune teller by choice. As a member of Mystic Caravan Circus, she's spent the past ten years using her psychic talents to tell people what their future holds by day and hunting paranormal monsters by night. You see, Mystic Caravan is more than just a circus; it's also a force of good in a world that needs help fighting evil. Poet is set in her ways and happy with her life until Kade Denton shows up and upends the entire operation. He's loud and proud, and Poet doesn't like anyone telling her what to do. As the new head of security, Kade thinks his only job is going to be tackling drunken revelers when they get out of hand. He's in for a rude and bloody awakening. When monsters strike and the truth comes out, Kade finds he has to learn on the job with Poet as his somewhat reluctant instructor. Sparks are flying, both real and figurative, and when a truly terrible beast targets the circus for extermination, it's all magical hands on deck for the final showdown. Some things are born evil, but the people in Mystic Caravan were born to fight it. Prepare to be amazed.
