

Grimms End (Grimms Circle)

He would walk into hell for her. Hells not willing to let him back out. Grimms Circle, Book 9 Years have passed since Will flung himself headlong into demon central. Everyone has told Mandy hes lost to them, but she still wont believe it. He was her heart and soul still is even if he never admitted they belonged together. When a friend is nearly torn through a rip between the worlds, Mandy gets the sign shes hoped and prayed for. Her friend is thrust back through to safety by no other than Will himself. With all hell breaking loose on earth, only two Grimm can be spared for the mission to retrieve their leader Mandy and the only other Grimm crazy enough to go with her. Will would forget the color of the sky before hed forget the love of all his lives. But his time is done. Its only a matter of which demon will finally destroy him. He never thought his final moments would be haunted by Mandys face. But is it a fitting punishment, or one last chance to atone for crimes he committed so long ago? Warning: This book contains too much angst, too many secrets, and two people who long to be together. Its also the end of a long, fun ride. Thanks for taking it.
