

SEED: A Novel of Horror and Suspense

Mark fears that his wife is cheating on him. Over the past couple of weeks she has been growing more and more distant and shudders at his very touch. Determined to keep his new marriage afloat he confronts her only to find the truth of the situation is far more horrific than he could have ever envisioned. With the truth out in the open - only one thing is sure - things will never be the same again. From Matt Shaw (ART, Sick B*stards, The Cabin, Happy Ever After) comes a new psychological horror and a new warning to readers: some scenes of this book may be upsetting.
