A grief-stricken man travels back in time to seek revenge on the woman who murdered his girlfriend but inadvertently falls in love with her. Kane is about to marry the woman he loves. His life is perfect. A few weeks before the wedding, a vindictive woman from his girlfriends past mysteriously arrives and kills her. He learns of a traumatic accident that happened five years earlier, which triggers Rileys hatred for his girlfriend. Distraught over his girlfriends death, Kane uses an antique time machine to travel into the past in order to find and destroy the woman responsible. When he runs into Rileys younger self, he realizes shes not the monster she later becomes, and he cant bring himself to destroy her. With a little help from his oddball friend from the past, they formulate a plan to prevent the accident that sends Riley down her destructive path. Kanes plan backfires when he falls for the younger Riley. His new tortured existence is further complicated when future Riley, his girlfriends killer, shows up with her own devious agenda that doesnt include him. Will he be able to stop the time ripple, which ultimately ends with his girlfriends death? Or will future Riley take him out of the timeline forever-- Death Displacement is a romantic, time travel thriller containing sexual references, mild language, and mild to moderate sexual situations.
