

## Ten Circular Walks in Cantabria (Vol 1) (Cantabria walking guides)

The walks in this book are set in Cantabria an autonomous region in the north of Spain, bounded to the south and west by high mountains, including the Picos de Europa, and to the north by the Bay of Biscay. Cantabria is an unspoilt and natural part of Spain with teeming wildlife, long sandy beaches and stunning scenery. The ten routes cover a range of terrains including ancient forests, formidable peaks and coastal walks. The book also contains useful tourist information and suggestions for places to visit close to the walking routes. Each walk has been carefully selected to provide an element of challenge or particular interest such close encounters with wildlife, stunning scenery or historical significance. The walks come with detailed driving and parking instructions; straightforward, accurate directions and the local map reference.
