

Stories of Singularity #1-4 (Restore, Containment, Defiance, Augment)

Med Bots, Ascenders, Cyborgs... and a Legacy Human or two. (Companion stories to the Singularity novel series.) This box set of FOUR NOVELLAS (plus a bonus flash fiction) is set in the universe of Susan Kaye Quinns Singularity novel series. Learn why a med bots world is tragically different than you might imagine; how a machine intelligence might probe the limits of its constraint; and what dissenting humans might do with a cybernetic enhancement... or five. These short stories each provide a glimpse into a dark corner of the Singularity novels Fans of the Singularity novel series will find their understanding of the Singularity world enhanced by the novellas, but they can also be enjoyed as standalone stories.

CONTAINS Restore Containment Defiance Augment Fair Trade (bonus flash fiction) READING ORDER The Legacy Human (Singularity #1) The Duality Bridge (Singularity #2) The Stories of Singularity (#1-4) The Illusory Prophet (Singularity #3) - coming in 2016 Story Summaries Restore What if the three laws of robotics were replaced by a single emotion: unconditional love. Restorative Human Medical Care Unit 7435, sentience level fifty, wants to heal the human master it loves, but Unit 7435 finds there is a price to be paid for love and for failing in its primary mission. Containment The Mining Master of Thebe is all alone not counting the scavenger drones, foundry nanites, and magtread tractors buzzing across the tiny Jovian moon. So when a spindly tower of rocks mysteriously appears at the pole, its enough to vex the Mining Masters machine-sourced intelligence like dust trapped in a harvester joint. Reporting it could mean reassignment to the Outer Belt but probing the mystery further threatens to unlock something that might have been better left... contained. Defiance Most of humanity has ascended into

hyper-intelligent human/machine hybrids, but legacy humans like Cyrus Kowalski are used to skirting the laws they've laid down after all, he knows the ascenders only pretend to care about the legacy pets they keep. But when a woman Cyrus loves like a mother is stricken by a disease the ascenders refuse to cure, he has to decide how far he can go without getting banished from the legacy city that's always been his home. Augment Miriam is a jivan augmented warrior willing to give her life for the Maker cause and she's more than ready to get in the ring and fight for the latest mod. If she wins, she'll have everything she needs to offer herself up for the Makers most dangerous augment of all. The only problem? No one has yet survived it. Either she'll become the Makers latest failed experimenter or the leap toward salvation her people desperately need. The above short stories are also available in anthologies...
