

Endangered Species: A Sleeping Dogs Thriller

In this follow-up to the international bestselling politically incorrect thriller, *Sleeping Dogs: The Awakening*, America is a rudderless ship in a world descending into chaos. Its elected government is gridlocked and ineffective. Its citizens are angry and rebellious. Rogue governments spit on Old Glory and defy a weakened America to stop them. Religious fanatics are dedicated to butchering all the world's citizens who don't convert to their beliefs. And the worst is yet to come. From Russian aggression to worldwide jihadism, from China's designs on Southeast Asia to a morally and financially bankrupt European Union, from violent and expanding drug cartels to Iranian nuclear intentions, AGUthe Alliance for Global Unity is close to achieving its goal: a single world government with them in charge. But appearances may be deceiving. A shadow government of old-fashioned patriots is working to change the course of events. Armed with deep financial resources and critical positions in the military and intelligence communities, they just might succeed. The key is the Sleeping Dogsthe world's deadliest hunter-killer special ops unit. But they're an endangered species and their very survival is being challenged. An outstanding Presidential Decision Directive has ordered them to be terminated with extreme prejudice. An angry FBI agent, believing his wife had an affair with the unit's leader Brendan Whelan, is pursuing him with homicide on his mind. A rogue Russian agent seeks revenge for thwarting his mission to assassinate the president of the United States. And, most chillingly, a huge and mysterious brute named Maksym is systematically hunting down the Dogs one-by-one. The fate of the free world hangs in the balance. There will be blood. And a high body count. Join the 1,000s of readers who love techno-political thrillers and who are fans of those remarkable antiheroes, the Sleeping Dogs! If you enjoy
