He skins his victims alive, taking pleasure from their pain. In the cold, dark nights of Alaska, a hunter is stalking his prey. Once found, he takes them into the woods and skins them alive, prolonging the experience as much as he can, but the satisfaction always wanes. Aislinn Cain and the Serial Crimes Tracking Unit have just finished up another case when they get the call. Now they are packing their bags and heading for Alaska in March. The team must overcome the hostile locals and harsh climate to catch a killer before he steals the life of another woman.
