

Hidden Agenda

I always have said that this is like a chess game and right now were always three steps ahead of everyone else.... They should not even be in the game. With recent nuclear agreements between Iran and the United States almost completed, some countries are concerned with their future safety and well-being. Israel, seen as an enemy by Iran, fears the eventual development of nuclear weapons by Iran will lead to a major confrontation between the two countries. Some of Israels neighbors also harbor the same fears. Although many have voiced opposition, Irans secretive nuclear research programs seem to be for making and eventually using nuclear weapons. With no proof of the lurking dangers, a secret group within Israels famed Mossad, sets out to obtain the evidence needed to stop the agreement before it is too late. The group, headed by Ari Price, is the Jaffe Gate unit. Its existence, known only to the Israeli Prime Minister and the Mossad Director, has the task of exposing Irans secrets. Based in Old Jerusalem, and hidden below the grounds of the revered religious sites of the Western Wall, the Jaffe Gate unit, with its highly trained ex-military personnel must devise and execute a plan. Ari, Moshe Glickman, and a host of members of the unit must succeed. For them, failure must be avoided at all costs. With the future of Israel at stake, all options are open. Will they get the proof that the need? Will death and destruction of Israel be the outcome? The answers will come as Ari and his team embark on the most important and exciting mission of their careers.
