

The Grass Monkey and Other Dark Tales (A Finn McCoy Paranormal Thriller)

Welcome to Shallow Springs, Virginia. Its not a nice place to visit, and an even worse place to live. Evil dwells in the mountains and lakes surrounding the town. Creatures more ancient than the Appalachian Mountains themselves lurk in the shadows and prey on the unsuspecting. Consisting of four short stories and a novella, *The Grass Monkey and Other Dark Tales* takes the reader on a terrifying tour of Shallow Springs: A family moves to the Springs from the city, only to discover that their new, peaceful surroundings are nothing but a deception... A telephone lineman, out in a bitter winter storm, must fight demons--both his own, and the ones stalking him in the snowy woods... A group of loggers set out to harass a tree-hugging environmentalist and instead find an ancient horror... A lawyer and a farmer encounter an otherworldly creature in the 1930s... A paranormal handler returns home to Shallow Springs to help a woman who is being stalked by a creature as intelligent as it is evil... Welcome to Shallow Springs. Sit back. Stay a while. But you might want to be on your way before the sun sets.
