

I Didn't Even Want To Come Tonight! - A Lesbian Romance (lesbian romance, lgbt, short story, new adult & college, new age, dating, holiday, humor, comedy, valentine, military, mystery)

LESBIAN ROMANCE from best selling author R.P. James Im about to be brought out of my shell in a major way- not to mention, out of the closet... Call me a geek if you will. But to say that Im antisocial would be about the understatement of the century. I spend almost all of my time alone in my dorm room playing video games and making too much noise, much to the annoyance of my roommate Ashley, who thinks I need to get out and experience life during the golden years of my twenties. Its therefore perfect that I find myself hauled off to a bar one evening and abandoned to my own devices, apparently in the hopes of finding me a hookup instead of having me sit around on my ass all the time back at the dorm. Im expecting to meet a guy more than anything, but Im about to be surprised when a very lovely vixen of a girl ends up coming my way instead... Thank you for outright purchasing or borrowing my book through the Kindle Unlimited Program. As a reward for your patronage, I am including a FREE full-length romance eBook at the end of this novel. Enjoy! *Warning: This book contains lots of HOT sex, drama and adult language. If this is not the kind of stuff you like to read, then start now and see what you have been missing ;-)
Enjoy!*
