

Operation Norfolk (Hawker)

Hawker launches an all-out assault on the worlds most powerful arms dealer For Con Ye Cwong, the Vietnam War will never be over. Head of the North Vietnamese secret police during the brutal conflict, he has built himself an empire selling cocaine and heroin to the West. Even after the war, American servicemen remain his favorite targets. He relishes nothing more than getting a soldier hooked, and then upping the price until the junkie has no choice but to reveal military secrets for the next fix. When he isnt pushing drugs or conning soldiers, Cwong is an arms dealer, supplier to the most dangerous terrorists in the Middle East. Hes one of the most powerful men in the world, and James Hawker is going to take him down. Hawkens one-man war against terrorism has taken him around the globe, but he wont know peace until Cwong is dead and buried. To save the United States, the nations deadliest vigilante will take on the Viet Cong. Operation Norfolk is the 11th book in the Hawker series, but you may enjoy reading the series in any order.
