

## Lost Won (Liaisons Series) (Volume 3)

Six years ago Christian Blakely lost his way. Fresh from college and sure of his future, an unexpected meeting changed everything. Frightened by the truth behind one night's surrender to a hidden desire, he ran, determined to drive the memory of that night that man from his mind. As the years pass, Christian builds a life around his work, drifting between relationships as the image of one man haunts his steps. Wishing he were free from a mire of what might have been, he is offered a chance at redemption when he comes face-to-face with the man at the root of it all. Gunnery Sergeant Kevin McGuire understands commitment, whether it's to his work as a US Marine, or to the happiness of his younger sister Risa. A proud and private man, he has never shared the story of the night with Christian; though years have passed he is still affected by it. When circumstances bring the two of them together again, Kevin is shocked by the depth of anger and passion that the younger man stirs. With the obstacles of Kevin's resentment and distrust in his way, Christian is confronted with the same choice of six years ago: stay and fight for what he wants, or run and hide.
