

## A Murder in Her Past

When India reads a newspaper account of a recent murder, it triggers a memory from her childhood. She and a friend TK Jonas witnessed a brutal murder fifteen years ago. India repressed the memory but now the details came flooding back to her. Taking her research to a friend, Briar Rivers, Briar urges her to go to his brothers, Cade and Elliot. When they hear her story they find more cases with the same MO. As one clue leads to another they uncover a serial killer. Working with local police they do everything they can to get this monster off the streets.
