

This short book is a devotional photo journal inspired by the authors 10-day trip to Israel. The devotional thoughts are worthy of the reader's pondering and allowing them to penetrate one's mind and heart as well. The story is written in such a way as if the author just cannot wait to let readers know what lessons of life such a trip can leave one with. Kimberley's enthusiasm runs throughout the book and the reader wants to learn more and more of what experience each day brought for her to share with her audience. Readers would be wise to not overlook this little book. While it may be considered as a brief travelogue of the Holy Land it is also an emotional treasure of personal reflections of how this land can impact one's life. If readers know of anyone planning on taking a trip to the Holy Land then make sure to give them a copy of Kimberley Payne's My Journey to the Holy Land. It is a great preview to help their excitement mount as to what lies ahead. ~ A. Anderson Bonus Gift: At the back of the book you will find a link to a video photo show of my journey to Israel
