

# One Violent MotherF\*cker: An extreme tale of violence and manners

Have you ever been cut up by another road user? Have you have been stuck behind some idiot driving well below the speed limit? Have you ever had to swerve to avoid someone who hasnt used their indicators? Have you ever been served by rude staff members who clearly dont want to be working? Have you ever listened to just how rude old people can be? Ever got frustrated listening to the excessive open-mouthed chewing of someone sitting near you? Have you ever been cheated on by a partner? Paul James has and... Hes had enough. Armed with his trusty metal bar - the word manners etched into the side - he sets out on a journey to teach people a lesson once and for all. From Matt Shaw (Sick B\*stards, PORN, Whore, Extreme Horror and Dont Read) comes a new violent tale of one man losing the plot and setting the world to rights - one cracked skull at a time.
