

The Zombies of Hobbiton: A Martian Love Story

For the settlers of Mars, the underground tunnels of Hobbiton protect them from the airless cold. But when a zombie outbreak hits the city, the survivors have nowhere to run. Doane and his friends take refuge in a domed park. Behind its sealed airlock, they're safe--but when Doane gets a call from his little brother telling him their parents haven't gotten home yet, he'll have to head back into the tunnels armed with nothing more than a flower stand and his kung fu. *The Zombies of Hobbiton* is a novella of approximately 80 pages / 24,000 words.
