

The Copper Bracelet (Center Point Platinum Mystery (Large Print))

Harold Middleton returns in this explosive sequel to *The Chopin Manuscript* as he is drawn into an international terror plot that threatens to send India and Pakistan into full-scale nuclear war. Careening from Nice to London and Moscow to Kashmir to prevent nuclear disaster, Middleton is unaware his prey has changed and the act of terror is far more diabolical than he knows. Will he discover the identity of the Scorpion in time to halt an event that will pit the United States, China, and Russia against each other at the brink of World War III? A follow-up to the award-winning *The Chopin Manuscript*, *The Copper Bracelet* brings together 16 of the world's most celebrated thriller writers including Lee Child, Joseph Finder, David Hewson, David Liss, and Lisa Scottoline to each write a chapter of this pulsing tale. Once again, Jeffery Deaver set the story in motion, and brings it to its shocking finale.
