The Profiteers (Classic Reprint)

The Marchioness of Amesbury was giving a garden party in the spacious but somewhat urban grounds of her mansion in Kensington. Perhaps because it was the first affair of its sort of the season, and perhaps, also, because Cecilia Amesbury had the knack of making friends in every walk of life, it was remarkably well stockbrokers, attended. Two Roger Kendrick and his friend Maurice White, who had escaped from the City a little earlier than usual, and had shared a taxicab up west, congratulated themselves upon having found a quiet and shady seat where iced drinks were procurable and the crush was not so great. Anything doing in your market to-day? Kendrick asked his younger associate. White made a little grimace. B. I., B. I., all the time, he grumbled. Im sick of the name of the damned things. And to tell you the truth, Ken, when a client asks for my advice about them, I dont know what to say.(Typographical errors above are due to OCR software and dont occur in the book.)
