

## The Nigger Of The Narcissus (Annotated): A Tale Of The Forecastle

The Nigger of the Narcissus (1897) is a novella by Joseph Conrad. Because of its quality compared to earlier works, some have described it as marking the start of Conrads major, or middle, period; others have placed it as the best work of his early, or first, period. The title character, James Wait, is a dying West Indian black sailor on board the merchant ship Narcissus sailing from Bombay to London. Wait, suffering from tuberculosis, becomes seriously ill during the voyage, and his plight arouses the humanitarian sympathies of many of the crew, five of whom rescue him from his deck cabin during a storm, placing their own lives and the ship at risk. However, the ships master Captain Alistoun and an old sailor named Singleton remain concerned primarily with their duties to the ship and appear indifferent to Waits condition.
