

The Ragnarok Conspiracy (INTEL 1)

Fortify your shelf of Armageddon thrillers with this promising newcomer. -Library Journal A Western terrorist organization targets Muslims around the world, and FBI agent John Savas must put aside the loss of his son and work with a man who symbolizes all he has come to hate. Both are drawn into a race against time to stop the plot of an American bin Laden and prevent a global catastrophe. Outrageously entertaining: epic, explosive, subversive, engaged and compassionate, like a Michael Bay movie written by Aaron Sorkin. -Chris Brookmyre, author of Where The Bodies Are Buried
