

Lucius the Club

Lucius the Club is a brilliant new crime novella by a true blue murder master (Time magazine). In December 1960, Lucius the Club committed a murder - and forty years later he found out why. The truth about the past involves sex, blackmail, and revenge. Praise from reviewers: I would recommend that you seek out this little treat. If, like me, you sometimes need to read something unusual, give Lucius a go. Ali Karim in January magazine Strongly Recommended Gregory Connors on Lulu This is high-grade stuff, folks. The book is hard to put down. In fact, it almost reads itself. Masterfully written. The Poddler blog
