Do You Love Serial Killer Thriller Books? Nemesis has all the hard hitting action & suspense you need! Nemesis crime thriller - John Kanes Revenge. Sequel to Necessary Evils. This book is packed with action and intrigue as John Kane sets out to put things right in his own inimitable fashion. John Kanes world has been destroyed by the deaths of two loved ones and he is now hell bent on some payback, I will bring their whole evil establishment down upon their shameful heads! He proclaims. However he is not the only one out for revenge, and there are sinister dark forces at work who are determined to put an end to him once and for all. ??? ***** Reading Nemesis is like driving a Ferrari. Gears shifting and danger flying into your face. Youll be exhausted but very satisfied when you finish this book. The book is a sequel to Necessary Evils and its best if you read that one first. You wont be disappointed. George G. Goodreads. ??? **** Carson writes with energy and style. The villains are hard and the violence uncompromising. It read like a movie and the descriptions are vivid and the tension slowly escalates to the explosive finale. Really appreciated the technical writing and felt that Carson had a good handle on the London criminal scene and provided the humour and snappy dialogue of Snatch. Would recommend this to anyone who likes their heroes and villains thoroughly hard boiled! Karen Long. Crime writer. ??? Cant wait to read Nemesis. If it is even half as good as Necessary Evils I think you will have a winner on your hands. Mark Schafer - Twitter.
