

Stella X - Matryoshka Dolls

It is the 24th century, and Stella's companion Trudy Dunlop finds her cousin whom she hasn't seen for years in a zombie-like state. All routes point to Skytopia, a space station housing a new holiday attraction. But within the labyrinthine corridors of Skytopia lurk untold dangers. Trudy and her friend Suzy find themselves in the middle of an 18th-century alien land of barbaric despotism and tortures. Stella meanwhile is hurled into a world of ruthless gunslingers and secrets buried beneath the treacherous rocks of a faraway wilderness. What ancient relics of a long-gone civilization are hidden within the seemingly innocent Skytopia?
